PROTECT YOUR
TRUCK ENGINE

Caterpillar has your back every mile, with a range of insurance coverage options for your Cat® on-highway engine. Authorized Cat dealers can cover individual components, help you protect your investment in an overhaul and extend your coverage to make sure you always take the road with peace of mind.

Extended Service Coverage (ESC) gives you protection against unexpected repair bills and rising parts and labor costs. It covers 100% of the cost of parts and labor on not just the covered parts that fail, but also any resultant damage to other Cat parts. And because all ESC options are 100% transferable at no additional cost, it may increase the resale value of your engine. There are a broad range of coverage options for Precious Metals kits, Overhaul Protection for Trucks and Component Plus.

LABOR COSTS INCREASE AN AVERAGE OF 2% PER YEAR
