Parallels multiple generator sets.

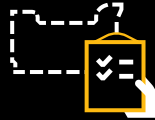

### EMERGENCY TRANSFER LOAD

Single engine generator set with a single utility source.

### EMERGENCY TRANSFER LOAD MANAGEMENT

Parallels multiple engine generator sets with single or multiple utility sources.

### CUSTOM SOLUTIONS

We offer fully customized solutions specific to your application.

## CAT FINANCE

### Financing dedicated to your success

Reliable power is important to you and your customers. Cat Financial has the same commitment to your success, whether for construction or term financing, loans or leases. We've been lending to electric power customers for more than 20 years, and our service commitment is fully matched by the responsiveness and technical expertise of Cat dealers everywhere.

### Financial solutions

We offer standard loan terms up to 10 years, bridging the construction or installation period, as well as lines of credit for ongoing equipment purchases and additional capital for rapid expansion.

### Our financing covers all of your Cat equipment needs, including:

- Generator sets
- Automatic transfer switches (ATS)
- Switchgear, control panels and power distribution

## Your Cat dealer is here with the answer

Cat dealers are committed to cost-effective, quality-controlled, fast-turnaround service. Combined, Cat dealers have over 140,000 employees with more than 75 percent engaged in product support to help customers attain maximum value and reliability from their Cat products.

You can count on technical assistance being just a phone call away 7 days a week, 24 hours a day. Cat service, along with unparalleled parts availability, helps us ensure the long-term reliability of your Cat power system.
