

# DID YOU KNOW?

Fluid analysis allows you to see what's going on inside your engines and machines to predict potential problems before they become major failures.

Our fluid analysis service can provide a host of benefits for your company, including:

- Minimized risk of mechanical failures
- Increased productivity
- Shorter repair times
- Added equipment value

What testing does Foley's Full-Service Fluid Analysis Lab offer?

- Oil: Wear Metals, Cross Contamination
- Fuel: Sulfur Check, Contamination
- Coolant: Boil & Freeze Point, Condition
- DEF: Urea Concentration, Contamination

Let us help you manage your fleet. Give us a try today! Sample kits can be purchased at any Parts counter.
