

NEED A GENERATOR?

Caterpillar and National IPA Have The Power You Need

A TOTAL SYSTEMS SOLUTION

All components are designed to work together, fully integrated and from a single manufacturer – making the system a seamless, efficient and cost-effective solution for our customers.

Caterpillar and your local Cat® Dealer are ready to meet all your power generation demands. You need a reliable standby power solution for emergencies to be sure your first responders can reach those in need. You may also need assistance with power generation to meet peak loads for your community.

With Cat's products and support on your side, you will experience easy installation, proven performance, and on-going service and support.

With National IPA, you have a competitively solicited and publicly awarded agreement that will save you money and time.

The cooperative agreement through National IPA provides all your power generation needs, from diesel and gas generator sets to uninterruptible power supplies, automatic transfer switches and electrical switchgear.
